ABOUT ME

Hi, I'm [Kashif Raza], a passionate front-end developer with [2] years of experience in building dynamic and visually stunning websites and web applications. My primary focus is on creating clean, responsive, and user-friendly designs that provide an exceptional experience across all devices.

I specialize in technologies such as HTML, CSS, JavaScript, and modern frameworks like React, Bootstrap. My goal is to stay up-to-date with the latest industry trends and best practices to ensure every project I work on is both modern and efficient.

I thrive in collaborative environments where I can contribute my technical skills and creative problem-solving abilities to deliver high-quality results. Whether you're looking for a new website, a web application, or ongoing maintenance, I can help bring your vision to life.
